

First Voice can align you with quality yet affordable online and in-person training solutions for CPR, AED, first aid, bloodborne pathogen, and other curriculum. Call for an in-person training quote.

Nationally Accredited

Online Training

CPR and First Aid Training just got easier for you and your staff! Join the thousands of businesses like yours that have discovered the benefits of Online CPR or First Aid Training!

First Voice offers Nationally Accredited online CPR or First Aid certified training. Online Multimedia training is accepted by the U.S. Government, OSHA and many other certifying authorities. Thousands of Physicians, Dentists, Nurses, Teachers, Coaches, and Industrial Workers have been certified with online training.

First Voice Online Training is accredited through the American Health Association (AHA), a national training organization that meets ECC guidelines including all fifty states training requirements. Think Safe follows the same accreditation guidelines as the AHA and Red Cross.

Online Training Benefits include:

- ✓ Students can take the training at any time from any computer with Internet access
- ✓ Takes less time; course length is 30-60 minutes versus several hours with an instructor
- ✓ Approved method of CPR or First Aid training with certification issued by the American Health Association
- ✓ Significant savings on the class and the reduced amount of time spent by employees decreases overtime costs
- ✓ Scheduling flexibility of training one person at a time versus coordinating a group
